

School Success, Lab Fundraising & How You Can Help!

February 16th, 2025

Dear FAM-ily: We are well into the new school year, and it has been an exciting time at Asturias Maldonado Foundation! Thanks to the support of our donors, we successfully provided school supplies for the first six months of classes, ensuring that students have the materials they need to thrive.

Our teachers and staff worked tirelessly to prepare for the academic year, and we are thrilled to see students engaged and ready to learn. Your generosity makes this possible, and we are deeply grateful for your continued support.

We Need Volunteers!

Do you or someone you know want to get involved with the Asturias Maldonado Foundation? We are looking for volunteers who can help us identify funding opportunities, connect us with potential donors, or support our programs. We would love to have you on board! Email me at:

Help Us Find 30 New Donors!

This year, we are launching an effort to bring 30 new donors into our mission. Whether through a one-time donation or becoming a recurring supporter, these donors will play a crucial role in our students' futures. Would you like to help us reach this goal?

- ◆ Share this newsletter with a friend!
- ◆ Invite someone in your network to donate.

OUR NEXT GOAL: EQUIPPING THE COMPUTER & SCIENCE LABS

While the school year is off to a great start, we still have urgent needs to ensure students receive the best education possible. Right now, our biggest priorities are:

Computer Lab

We need \$4,880 to fully equip our computer lab. This includes desktop computers, desks, accessories, and projectors to help students gain essential digital skills. Once the lab is complete, students will have access to online courses, certifications, English lessons, entrepreneurship training, and more!

Science Lab

We need \$2,900 to begin stocking our science lab with essential equipment such as microscopes, dissection kits, thermometers, and glassware. This investment will provide students with hands-on learning experiences to prepare them for careers in science, healthcare, and beyond.

Would you consider making a donation to help us meet these goals? Your support will provide students with the resources they need to excel in their education.

Thank you for being part of this journey with us. Together, we are making a lasting impact on the future of education in Guatemala.
